

Dental Assisting

Each year, students graduate from the Dental Assisting Program and are provided with the necessary knowledge and skills to become competent dental assistants who can perform a variety of tasks in multiple dental settings. The program also seeks to provide a high quality, low cost education in a multi-cultural community.

ACADEMIC YEAR	Number of WCCCD Dental Assisting GRADUATES
2022	6
2023	12
Total 2-year	18

**Some program-specific accreditation standards may require a maximum for program enrollment/capacity*

Dental Assisting

Upon completion, graduates are eligible to take a national assessment through the Dental Assisting National Board to become a Certified Dental Assistant and a state assessment through the State of Michigan Bureau of Professional Licensing to become a Registered Dental Assistant. Below you will find the outcomes of the last 3 years.

ACADEMIC YEAR	Number of Test Takes	Number of Test Takers that Passed	% PASSED
2022	8	6	75%
2023	7	6	86%
Total 2-year	15	12	80%
