

Surgical Technology

As a condition of graduation, senior students must attempt the national assessment through the National Board of Surgical Technology and Surgical Assisting (NBSTSA). This assessment certifies WCCCD Surgical Technology graduates and helps them obtain employment within their field of study. Below are the outcomes of the most current Annual Reporting Period for Surgical Technology graduates who attempted the national assessment and passed.

REPORTING YEAR	Number of Test Takers	Number of Test Takers that Passed	% PASSED
2024	6	6	100%
