

STEM Summer Student Program

WCCCD students participated in an 8 week hands-on summer research based educational project. Spanning the fields of Biology and Chemistry, students worked in the classroom, lab and field on a water analysis section of Belle Isle collecting and assessing data related to germs and pathogen growth. The Water Analysis STEM research project is one of many approaches the District supports to increase students interest in the STEM fields.

District Registration Command Center

The District Registration Command Center has become a staple to WCCCD's outreach efforts during critical times in our registration periods. As Fall 2016 registration continues, the command center will provide every opportunity to register students and be prepared for their first day experience. Reaching as many students as possible, the command center has proven to be an effective outreach tool when assisting students during registration, as well as guiding new students through the first day of class activities.

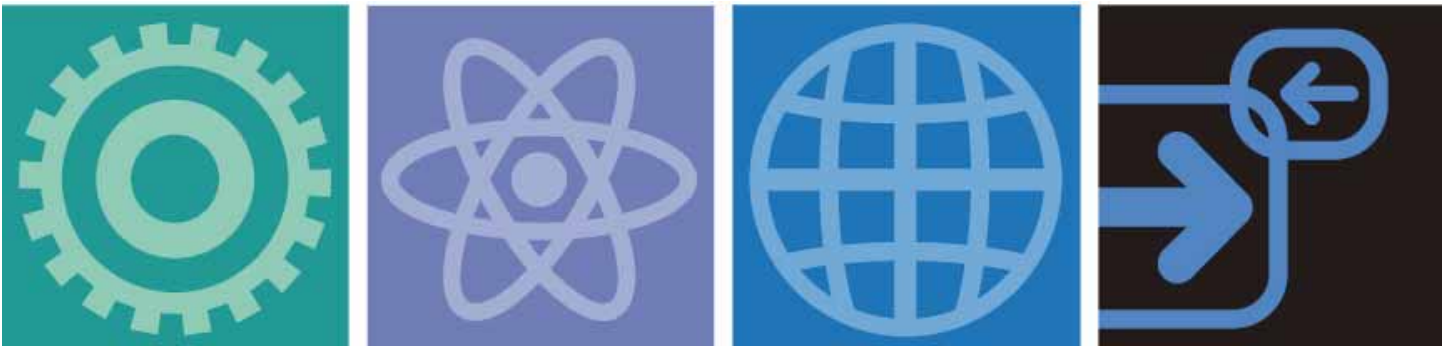

Recruitment and Outreach

The Division of Student Services participated in the Concert of Colors, Detroit's free annual diversity-themed music festival with over 80,000 attending this year. They shared information about the many degrees and certificate programs, as well as the registration and admission process.

The School of Continuing Education and Workforce Development

The Art Gallery committee met to finalize the 2016-17 calendar of exhibitions for the District's galleries.

Dr. James Robinson, Provost Workforce Development, served as a panelist at the Opportunity Detroit Tech Council Meeting. The panel discussion focused on identifying the increasingly complex cybersecurity challenges and training to meet the demands for jobs. Nationally recognized cybersecurity expert Dan Lohmann, former Chief Security Officer for the State of Michigan served as a panelist.

Division of Institutional Effectiveness

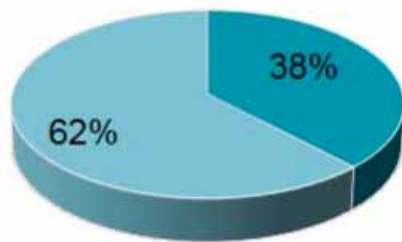

What's Trending in Institutional Effectiveness? Distance Education

The Division of Institutional Effectiveness continuously reviews regional and national trends in higher education to support the District's enhancement of learning modalities such as distance education. According to the *Babson Study: Distance Education Enrollment Growth Continues*, more than 5.8 million students took at least one distance education course in 2014.

The total of 5.8 million fall 2014 distance education students is composed of 2.85 (49%) million taking all of their courses at a distance and 2.97 (51%) million taking some, but not all, distance courses. Approximately 21% of WCCCD students take at least one online education course each semester.

Information Technology Institute

Learning About Technological History

The Network+ class toured the Ford Rouge Factory to experience first-hand the transformation of technology and manufacturing from the past to becoming a model of technology in the 21st century with sustainable designs and showcases.

Division of Educational Affairs

Distance Learning

Distance Learning conducted its last Web Enhanced training session for the summer semester at University Center. Web Enhanced training sessions will be offered again soon. This one was popular, with 20 faculty registered. This session is the first of three steps to become certified to teach fully online courses at WCCCD.

Learning Resource Center

This week is the last week before the final migration to a new library management system for the Learning Resource Centers. The LRCs have been working hard to maintain accurate records and ensuring that the transition will be smooth: transferring student and faculty library accounts from Banner, the student information system, to Alma, the new library management system.

National Initiative - Giving Credit Where Credit is Due

Nationally there is a trend occurring to help students get college credit for what they know and are able to do. Community colleges are taking a closer look at the credentials obtained through various sources such as the military, community-organizations, workplace, and industry certification to identify and translate these into college credit. WCCCD supports this trend by offering a credit for experience option to all students.

Faculty Resource Training

Instructors at the Eastern Campus participated in an academic resources training session as part of The Office of Adjunct Faculty Initiatives brown bag series. Faculty participants were able to locate and identify resources to assist with classroom instruction, offered suggestions on topics and information.

Summer Learning Institute

Middle school students from State Representative LaTanya Garrett's 7th District were selected to participate in a Summer Institute at the college. Students were recommended by their teachers and principals and awarded scholarships to learn entrepreneurial skills in the "CEO Academy" and to fine tune their mathematical skills in 'Algebra Mastering.'

Health Science Center

Nursing Student Orientation

Dental Hygiene Student Orientation -

The District's Dental Hygiene program conducted a program orientation for students entering the Fall 2016 Dental Hygiene Cohort to review program expectations and requirements of the program.

Dental Assisting Student Orientation

Dental Hygiene HESI Exam - The District's Dental Hygiene program conducted a Health Education Systems Incorporated Exam (HESI) for students participating in a final exit exam. This exam prepared student to take their national boards.

Dental Hygiene Clinical Mock Board - The District's Dental Hygiene program conducted Clinical Mock Board interviews.

Dental Hygiene Clinic Make-Up Day - The District's Dental Hygiene conducted clinic make-up days for any students that had missed a clinic session.

The District's Dental Assisting program conducted a program orientation for students entering the Fall 2016 Dental Assisting Cohort to review program expectations and requirements of the program.

HESI A2 Examination - The District's Nursing Program conducted a Health Education Systems Incorporated Admission Assessment Exam (HESI A2) for students preparing to apply to the Nursing Program. This exam is an assessment of one's academic preparedness for college-level educational programs.

International Programs and Global Partnerships

Chinese Delegation Visits WCCCD

As part of the initiative to continue to internationalize our District, the International Programs Office hosted 25 students from the University of Toledo's 2016 China-US Cultural Bridge Summer Study Tour. This tour is designed to "introduce our first group of Chinese higher vocational college students to our consortium colleges and to the business and industry opportunities and cultural attractions in our region" according to the Executive Director, UT — Community College Internationalization Consortium.

BANNER TRAINING SERIES

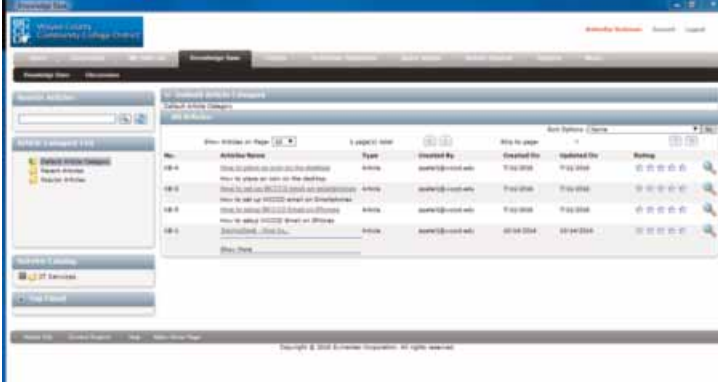

The next series of Banner training is scheduled during the week of August 29, 2016 for the Division of Administration and Finance module. District Information Technology met with Administration and Finance to develop topics for the onsite, interactive training. IT staff also participated in a conference call with the Ellucian consultant to create a preliminary agenda for the sessions.

WEBSITE QUALITY ASSURANCE: SiteImprove

WCCCD website has implemented the software to help with the site quality assurance. Siteimprove Web Governance Suite helps you maximize the result of web efforts, minimize the risk of losing control and help you use your website to its full potential. Since implenting the Quality Assurance software, we have successfully minimized the error on the web pages, provide users most current and accurate information.

SERVICEDESK-KNOWLEDGE BASE

Did you know that the WCCCD ServiceDesk has a knowledge base? A knowledge base is a centralized repository for information that promotes the collection, organization and retrieval of knowledge. To better assist our students, faculty and staff, campus technicians utilize the ServiceDesk knowledge base for sharing and collaboration solutions for day-to-day tasks.

Office of Accountability and Transparency

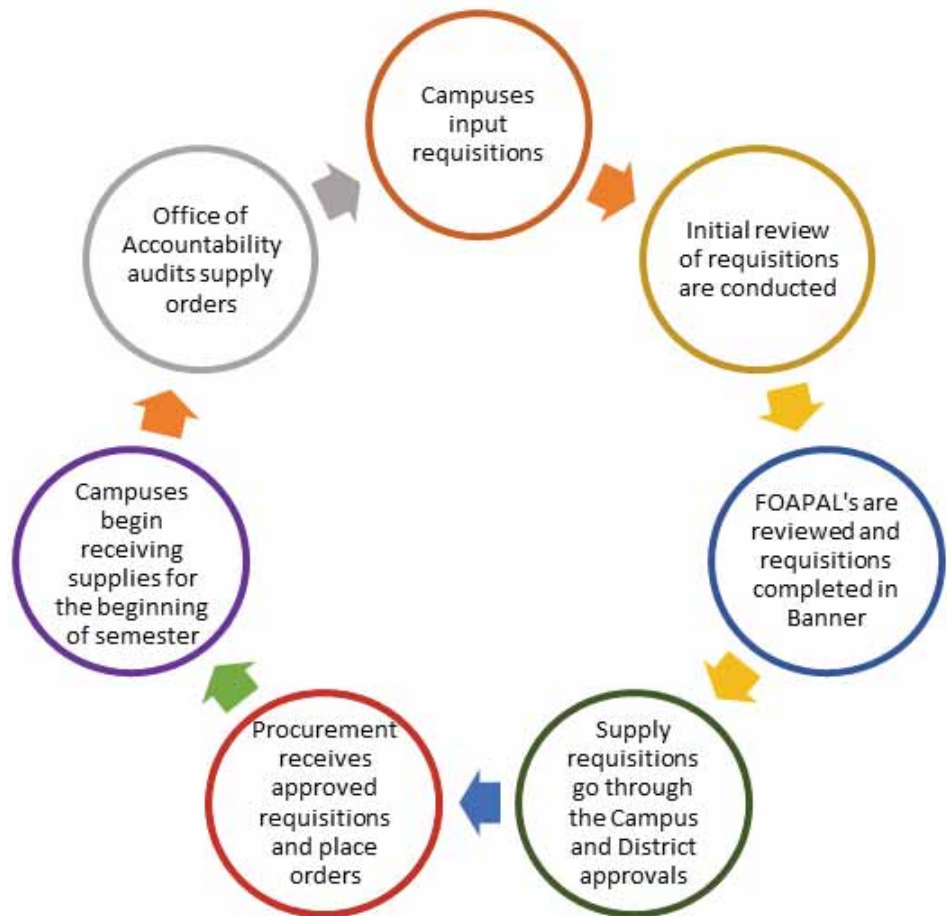

Campus Operation - 2016-17 Fall Supply Orders

Campus Operational supply orders are in process and are being reviewed by the Office of Accountability and Transparency.

The Office of Accountability is working closely with Finance and Auxiliary Services to ensure orders are being reviewed. The following are types of requisitions that are currently being reviewed and forwarded to the appropriate divisions for approval:

- President Office Supplies
- Campus Office Supplies
- Advertising
- Promotional Items
- Furniture
- Facilities

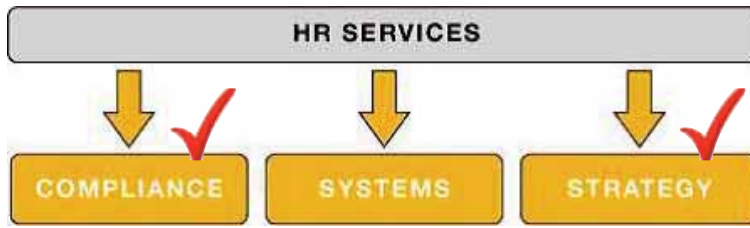

Best Practice Form and Process Development Capital Improvements

The Continuous Quality Improvement Audit Center is reviewing best practices for process and form development for capital improvement projects. Wayne County Community College District is monitoring its resources to enhance and modernize its facilities to maintain a state of the art, safe and secure place to provide education and community outreach to students.

Division of Human Resources

HR & District Strategic Goals Alignment

The District Division of Human Resources understands the importance of aligning staffing needs with the Wayne County Community College District 2015-2020 Strategic Plan. In an effort to achieve the goals and objectives set forth by the District's mission and the strategic plan, it is critical to review staffing strengths as it relates to knowledge, skills, and abilities of both current and potential employees to achieve institutional effectiveness.

2015-2020 Strategic Goals

Goal #3: Development of Institutional Resources WCCCD will increase its capacity to meet change student business and community needs through the advancement and sustainability of its human, financial, physical and technological resources.

Goal #5: Advancement of Instructional Innovation WCCCD will advance curricular, co-curricular, and innovative student-centered services that respond to the dynamic educational needs of its students and promote global and cultural competence.

Mission

WCCCD's mission is to empower individuals, businesses and communities to achieve their goals through excellent and accessible services, culturally diverse experiences and globally competitive higher education and career advancement programs.

Vision Statement

Wayne County Community College District will be recognized as an institution that has achieved national and international recognition for enduring excellence as a comprehensive multi-campus community college district. WCCCD will focus on continuous self-evaluation and improvement; preparation of a highly skilled workforce in support of the Wayne County economy; student academic and career success, and leadership in strengthening the open door philosophy of educational opportunity.
