Reaching Out to Young People in Inkster

The Booker Dozier Recreation Complex hosted the TRI (Truth Be Told; There's Healing In Recovery; a non-profit organization spearheaded by Trustee Marla Edward-Wheeler and her husband. The day brought together more than 500 students and their families. WCCCD's outreach team was on hand to recruit.

Division of Student Services

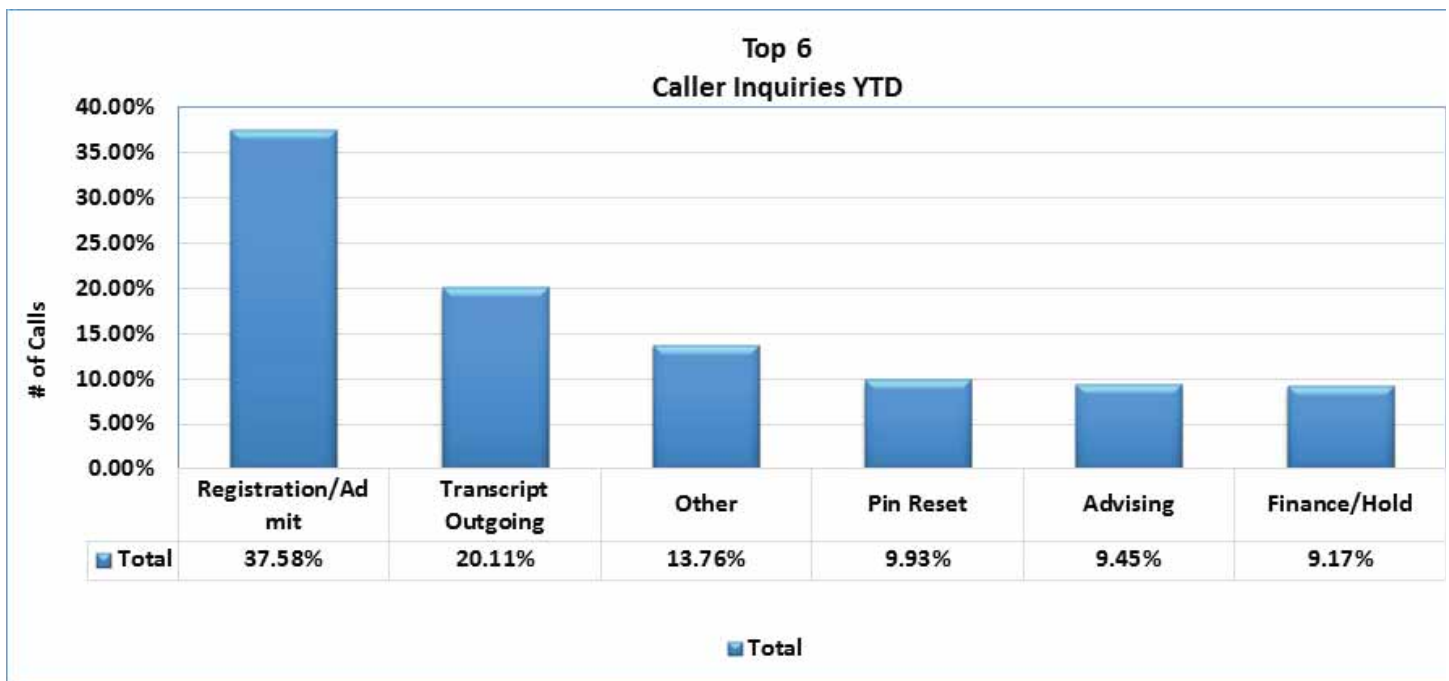

The Student Success Center focused on calling each student not attending their classes, encouraging them to contact their instructor and stressing the importance of higher education.

WCCCD TRIO-SSS students participated in Wayne State University's Trio EOC Pure Michigan College Tour.

The Student Success Center is a comprehensive one-stop-shop for academic support

During registration, the District Admissions and Records Office manages various student inquiries on a daily basis. The chart above reflects the "Top 6" student inquiries since January 2017 through the current semester.

Division of Student Services

The membership application period for the Phi Theta Kappa Honor Society is underway for Fall 2017. Staff across the District are preparing to spread the word especially during Student Welcome Week! Kerri Novack, Advisor at the Downriver Campus displays a bulletin board she created and meets with student members to support Phi Theta Kappa projects.

The Phi Theta Kappa Honor Society officers meet with Lead Advisor Liz Washington to finalize plans for this year's College Project, as well as the upcoming Michigan Regional Leadership Conference.

Division of Student Services

A Different Type of Student Success Initiative!

During the first week of classes, the District Financial Aid Office held a different kind of financial aid marathon: One that didn't include students waiting in line! This event was at the Northwest Campus. By the end of the day, an extremely large number of students were processed for the 2017-18 aid year. Staff received prizes and awards for the most processed, the most improved in processing and supporting their team. Great job team!

The Dual Enrollment team visited several of our high school partners to welcome back the staff and students.

WILDCAT TEAM PRIDE!

Frid 9/8/17 Jackson Community College W: 1:00pm
Campus M: 1:30pm

Fri 9/8/17 Kirtland CC Tour. White Deer Country Club - Prudenville, MI 10:00am
Fri 9/15/17 Sam Kromer Tour. Port Huron Elks Golf Course - Port Huron, MI 10:00am

Student athletics kick off Fall 2017 with golf and men's and women's cross country competing against Kirtland and Jackson Community colleges.

Faculty can access many online educational journals free?

To access "The Academy" please use the following link:
http://www.wccd.edu/dept/ajfaculty_academy_resources.htm

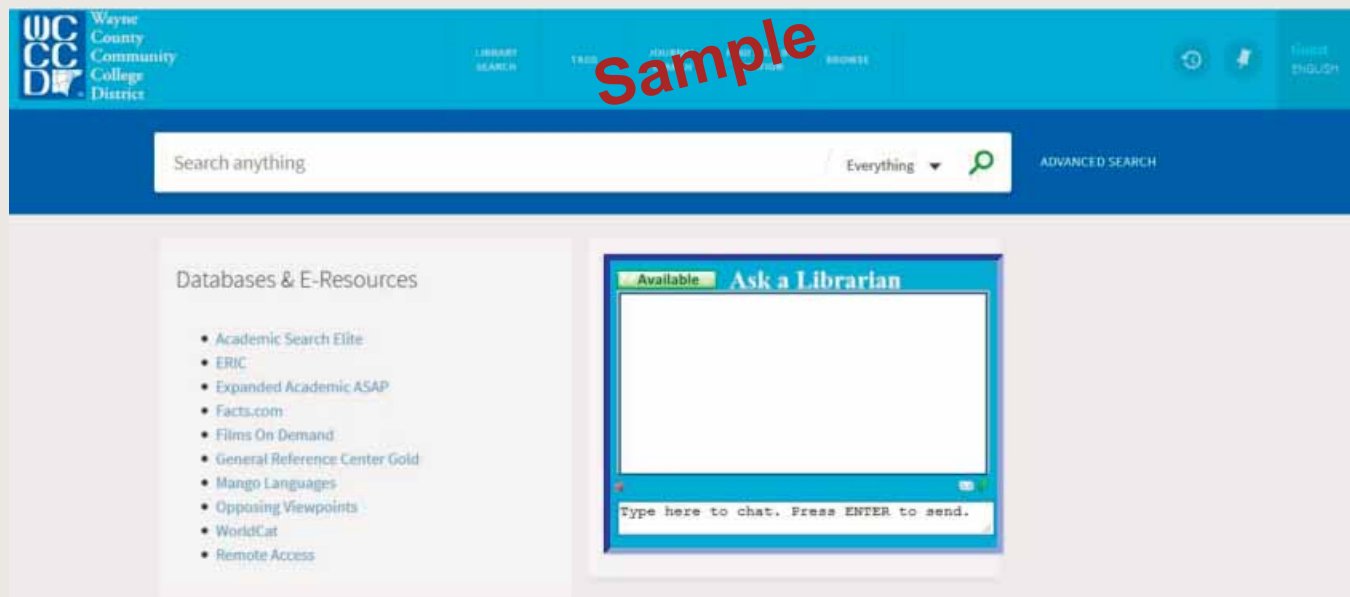

Division of Educational Affairs

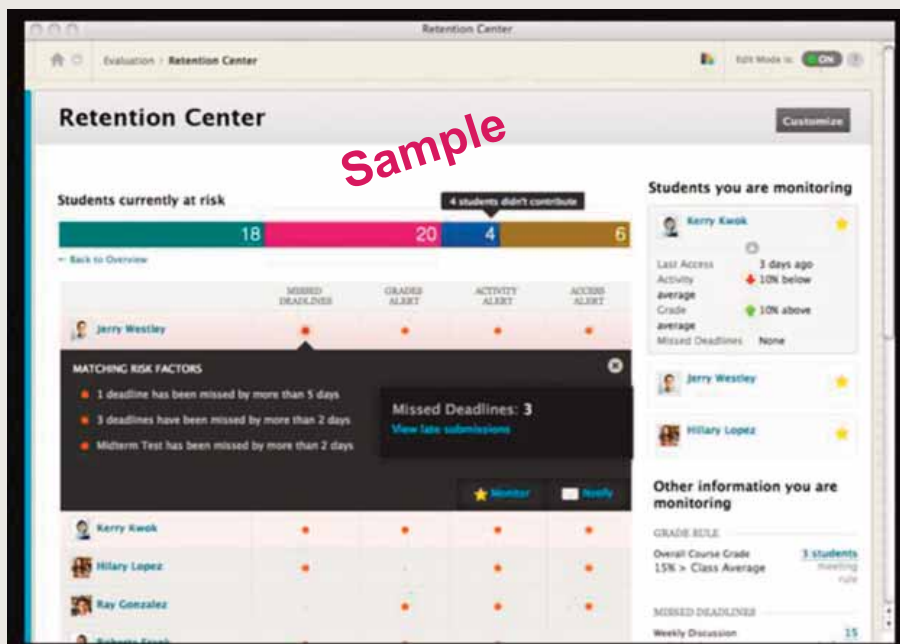

Learning Resource Center (LRC)

Please visit the LRC's new catalog page of the LRC website. We have not only updated the interface, but the logo, color, and list of resources. The virtual reference logo has been added for ease of access to those students needing reference help.

Distance Learning

The Retention Center is a tool within Blackboard where faculty can monitor at-risk students. There are four categories to track students: missed deadlines, grades, course activity, and course access. Rules within each category can be set by instructors to check which students are in the top five percent and reward those, while adjusting the rules to remedy problems for other students not performing well.

Division of Administration and Finance

The General Accounting Department is currently conducting a General Ledger Review. The purpose of the review is to ensure proper expenditure coding within the General Ledger. Reconciliation, verification and substantiation are essential for an effective internal control environment.

District Police Authority

Leadership Development Training

In an effort for continuous quality improvement, members from the District Police Authority are participating in a weekly leadership development training. The training is being conducted by Lieutenant Pride Johnson.

Security Council Meeting

The District Police Authority supervisors recently conducted their Security Council meeting to discuss and plan for the District safety and security.

Division of Human Resources

Human Resources Compliance: Process Manual

The Division of Human Resources is in the process of reviewing, auditing and updating the District's process manual. Mapping is a continuous and dynamic process that enables the District to provide appropriate information and guidance governing the institution's activities, policies and procedures.

The Benefits of Policies and Procedures

- Accountability and transparency
- Provides efficient and effective compliance measures
- Navigation of the District's goals
- Establishes an audit trail
- Measurement of quality control
- Reduces variations of Standard Operating Procedures (SOP)
- Affords employees a clear understanding of responsibilities

Office of Accountability and Transparency

Continuous Quality Improvement

Perkins Supply and Equipment Review

The Office of Accountability and Transparency is working closely with the Divisions of Educational Affairs, Administration and Finance, and the School of Continuing Education and Workforce Development to review state approved instructional equipment and supplies. The Perkins Grant supports funding for Career and Technical Educational programs that enhance learning opportunities for our students. Potential programs include:

- Emergency Medical Technician
- Dental Hygiene
- Heating Venting and Air Conditioning
- Welding
- Surgical Technology

Information Technology Institute

STEM FACULTY

The Information Technology Institute sponsored a "Step Into STEM" seminar for potential faculty interested in broadening STEM awareness in K-12 districts. The workshop focused on an overview of WCCCD's STEM program, program expectations, and faculty responsibilities.

What's Trending in IE?

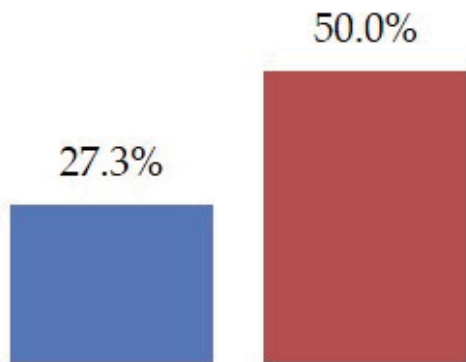

According to The American Educational Research Association (AERA) for both men and women, associate degrees and long-term certificates were shown to increase the likelihood of employment and hours worked. Among these findings:

Earning a long-term certificate was associated with a 9% increase in the likelihood of being employed for women and an 11% increase for men.

Earning an associate degree was associated with an 11% increase in the likelihood of being employed for women and an 8% increase for men.

Happening Now: VIOP Project Update

The Division of Information Technology (IT) is preparing for the rollout of VistaPoint call management system for campuses and administrative departments.

VistaPoint provides:

- Complete Call Routing, Queuing and Reporting system for our Cisco Call Manager VoIP system.
- Computer based software that routes calls to longest idle agent.
- A queue for peak call periods and integrates with Cisco Call Manager, call handlers for messaging and has integrated reporting.

We have surveyed the prospective users for each department and we're currently preparing a requisition for hardware for users of the new system.

SMART TECHNOLOGY UPGRADE PROJECT UPDATE

Downtown Campus

IT is preparing to perform a final walkthrough with the installation vendor at the Downtown Campus to:

- Finalize the requirements of the install
- Ensure the collaboration between campus leadership team, facilities department and the vendor is seamless

As part of an ongoing effort to promote new technology, technical skills and knowledge building sessions, IT will hold the next "Tech Talk" session next week. The session will include:

- Windows 10
- BANNER
- Comprehensive dive into Virtual Desktop Infrastructure

Health Science Center

Dental Lunch and Learn: Johnson & Johnson

The Northwest Campus hosted a Dental Lunch and Learn with Johnson & Johnson. Dental Hygiene students learned the primary focus of encouraging patients to adopt a brush, floss and rinse oral care routine. Participants also reviewed the scientific safety and efficacy of antimicrobial mouth rinses and discuss the critical thinking skills needed for oral care recommendations.

Dental Lunch and Learn: Proctor & Gamble

The Northwest Campus also hosted a Dental Lunch and Learn with Proctor & Gamble. Dental Assisting students learned about the benefits of the power toothbrush, the different types of toothpaste, how to educate their patients about the oral hygiene products, and the benefits of using the Dentalcare.com resource.

Pediatric Nursing students participated in a Respiratory Syncytial Virus (RSV) Infection scenario that could occur in a pediatric area of a hospital.

Medical Surgical Nursing students participated in a simulation lab scenario that mimicked a real Complex Neurological crisis that could occur in a hospital setting.

Michigan Institute for Public Safety Education

Elite Technical Services Training

The Michigan Institute for Public Safety Education (MIPSE) hosted Elite Technical Services Group, Inc. for a hands-on workshop in confined space training. The course goal was to educate emergency responders about strategies to safeguard health and safety.

Introduction to Wireless Information System for Emergency Responders

MIPSE also hosted an introductory class the Wireless Information System for Emergency Responders (WISER). WISER is a system designed to assist emergency responders in hazardous material incidents.

Tech Tips

Save your work regularly to ensure that you do not lose information. Hardware and software can malfunction and power can be unstable. These phenomena can cause a computer to lock up or shut down unexpectedly, which makes regularly saving your documents essential. On a PC, type “Ctrl” and “S” at the same time to quickly save your work. On a Mac type “cmd” and “S” at the same time.

***Musical performances, pinatas, marketplace,
educational activities, art workshop, food and more!***

PROFESSIONAL DEVELOPMENT

The Power of Relationships Workshop

Dr. Abby Freeman, Dr. Mark Shikhman, Matt Green, Damus Golida, and Marc McGaffic attended a meet and greet at St. John Providence Hospital in Southfield in the Simulation and Education Center. The discussion revolved around clinical rotations and how to best serve the students during the clinical phase of their education.

Dr. Sandra Robinson represented the District at the monthly meeting of the Metro Bureau's Board of Directors, a representative organization of school superintendents in Macomb, Oakland and Wayne counties.

Anthony Arminiak, Deborah Duyck, and Muna Khoury attended the Midwest Arts Conference. This conference provided presenter workshops and access to performer agents.

- ❖ Mike Dotson attended a meeting of the Van Buren Township board of Trustees as the Chairman of the Board of Directors for the Local Development Finance Authority (LDFA).
- ❖ Mike Dotson attended the September meeting of the Board of Directors of the Chamber of Commerce for the city of Wayne.
- ❖ Anthony Arminiak attended the Wayne County College Access Network meeting.

Dr. Fidelis D'Cunha attended the National Multicultural and Diversity Committee Conference of the Society of St Vincent de Paul.

It's that time of year again!

Mission

WCCCD's mission is to empower individuals, businesses and communities to achieve their goals through excellent and accessible services, culturally diverse experiences and globally competitive higher education and career advancement programs.

Vision Statement

Wayne County Community College District will be recognized as an institution that has achieved national and international recognition for enduring excellence as a comprehensive multi-campus community college district. WCCCD will focus on continuous self-evaluation and improvement; preparation of a highly skilled workforce in support of the Wayne County economy; student academic and career success, and leadership in strengthening the open door philosophy of educational opportunity.
