Road to Credentials

WCCCD's School of Continuing Education continues to provide services to organizations, professionals and the community, including test development, administration of national certifications, measurement services, and professional certification both locally and nationally. This week, credentials were awarded in Real Estate License Preparation, Case Management, Grant Writing, Graphic Design and State Continuing Education Clock Hours for K-12 educators.

Division of Information Technology

Staff from the Division of Information Technology and the Health Science Center at the Northwest Campus met to discuss two-way communication installation via Smart Boards in the classroom.

DR. RANDALL MILLER SHARES LEADERSHIP THOUGHTS WITH EXECUTIVE TEAM

Book Recommendation

American Midnight:
The Great War, A Violent
Peace, and Democracy's
Forgotten Crisis

Written by Adam Hochschild

Difficult Conversations

No matter how much education people have, many individuals are conflict-avoidant when it comes to difficult conversations. They don't like the discomfort and long-term effects that sometimes result from those conversations.

Navigating office politics between warring managers and giving a performance review to a poor-performing employee are examples of things that often cause discomfort. "Handling poor performers can be especially challenging. Many managers try to be nice, saving a discussion about a person's work and providing honest feedback only during the performance review". This often backfires since the poor performer feels blindsided without having received any feedback that there was a problem prior to the review, according to Lindsay Ellis in "Role-Play Preps Future Bosses for Difficult Conversations," *Wall Street Journal*.

Good communication is almost always the key to ensuring trust in relationships. Managers in supervisory roles may benefit greatly from role-playing, courses, or case studies on how to handle difficult conversations most effectively and in ways that do not erode trust.

Downriver Campus

DECA Conference

The Downriver Campus hosted the 2022 Michigan DECA District 8 Conference and Competition. Students competed in their knowledge and skills related to finance, marketing, hospitality, and management.

Continuing Education

The Downriver Campus also hosted the Region Two Basic Disaster Life Support Seminar. Discussion focused on improvements to care and coordination in response to public health emergencies.

Michigan Institute for Public Safety Education

The Michigan Institute for Public Safety Education (MIPSE) hosted Elite Technical Services Group for a water rescue operations training class. This course provided training on how to save lives and property using specific tools and skills.

MIPSE also hosted Lifeline EMS for Coaching the Emergency Vehicle Operator training. The goal of this course is to provide practical hands-on opportunities to evaluate each students' driving abilities.
